Artcoustic presents the SUPERSTAR *

An all-in-one stereo iPod[®] music centre with state-of-the-art superb sound quality and endless design options. The SUPERSTAR is the latest product in the Artcoustic range and unlike other all-in-one high-end systems, the SUPERSTAR is compatible with any digital source, including:

iPod[®], iPhone[®], AirPort Express[®], Archos[®], Sonos[®], Squeezebox[®], Bose[®], B&O[®].

Artcoustic presents the SUPERSTAR

An all-in-one stereo iPod® music centre with state-of-the-art superb sound quality and endless design options. Your music should sound amazing every time you play it and with the SUPERSTAR you hear every detail as intended! The SUPERSTAR is the latest product in the Artcoustic range and unlike other all-in-one high-end systems, the SUPERSTAR is compatible with any digital source. It is very easy to use – simply plug in your source into the built in 2x150watt amplifier and play. The interchangeable front screen gives you the freedom to choose the look of the front of the speaker, to personalise your SUPERSTAR and complement your interior, then change it when ever you like!

Superb sound and great design!

Artcoustic has produced some of the best loudspeakers in the world. The company is at the forefront of technological innovations to bring you the best audio solutions possible. The SUPERSTAR is the first of its kind and it is an icon of Artcoustic's innovative product development.
